

HELlo!!!

The site is under constuction!!! We will update as soon as we can...

We split up back in '97 so the picture with me in long hair is from '96 I think and yes my head's shaved!! We'll have some new pics up soon I hope!! We are between 20 and 29 years old ( I'm 25 ) so were not that young. Check out some info on each member under the member section.

We are from Strömstad Sweden!!!

1/ You are a Thrash Metal band , you're just at the right time?! When did you started?!

Mäbe: We started sometime back in '91-92 ( with a completly different line-up ) I think and kept going to '97 when we broke up. By this time noone cared about Thrash and we just grew tired of it all. In march this year me and our singer Jörgen went through some old tapes and just thought it would be fun to record some of the songs again and so we did. It just happen and after that we started to rehearse and now we'll see what will happen. We just got back from our first gig ( with Soulreaper) since we restarted and it went down really well I think.

2/ You sound like Kreator, is this band an homage to them?!

Mäbe: No absolutley not!!! We all like Kreator of course and we play the song "Tormentor" live but there are bands that influence us a lot more than them I think. I don't think we sound like them and I've written some new songs and to me they don't sound like Kreator at all. We like Sarcastic to stand on it's own. We are absolutley not one of those stupid retro band that just rip off old bands!!!! They just make fun of all the things that were cool back then!!! Fuck them !!!!

3/ Is Sarcastic just a project or a full band?! You all play in different bands, why ?! not really good for this band?!

Mäbe: Sarcastic is a full band but me, Kalle ( drums ) and Patrik ( bass ) got bands at the side and they are just as important to us. I write songs all the time and most of them don't fit Sarcastic so I have to have an outlet for those too so that is not a problem for us!!

4/ How come you played in Dissection and why?! you mentioned Soul Reaper...?!

Mäbe: Me and the guys ( Jon, Ole and Peter ) in Dissection grew up together and are really close friends so I helped them out in the beginning before they found a guitar player. The four of us had a band previous to Dissection as well. We've just played a gig with Soulreaper and we are friends with them as well since way back!!

5/ On your site they are 5 members name but only four photos and names, who is the mysterious member?!

Mäbe: Yeah that's maybe a litte confusing. I used to play drums in Sarcastic and Erik played guitar, but he lives in another town now and is a member of Death Star ( what used to be Swordmaster ) so he couldn't be part of this reunion. But he is a so important part of our past that we wanted him to be on our site as well.

6/ Why have you shaved your hair?!!! are u really into Marylin?!

Mäbe: Why not?? I'm really into Marilyn Manson as I think he was the only new thing in the nineties that was really interesting and I still think he is!!

" Antichrist Superstar " is one of the best albums ever!!! I always look for new and interesting music and I hate people that only listen to one kind of music.

That would be fuckin' boring I think!!!! All the members in Sarcastic listen to a lot of diffrent stuff from each other but we all dig old Thrash like Exodus, Slayer, Kreator and Testament as we grew up with this and we all love what Sarcastic is all about!!!!

7/ why have you chosen this name, is it to describe what you are?!

Mäbe: I really don't remember, but I guess we just thought it sounded good and I think it describe us really well.
